sizeable audiences and
committed supporters.*

On November 29, 2022, Vocal Alchemy will mark its 20th anniversary with a spectacular gala concert that will bring more than 200 performers to the stage of the prestigious Winspear Centre in Edmonton.

This milestone event will feature the world premiere of a new major new composition by Order of Canada member, composer John Estacio, based on a poem written for this occasion by Alice Major, Edmonton's inaugural Poet Laureate.

Our performance of Dan Forrest's cinematic masterwork *Requiem for the Living* will be a breathtaking collaboration with orchestra and acclaimed guests Chronos Vocal Ensemble.

This evening will provide an immersive experience that will inspire an audience of more than 1000 people. We have already received significant financial support from the Edmonton Community Foundation, and now we are reaching out to the community to become our partners as donors and sponsors to help us bring this magnificent event to the stage.
